- Vision to Succeed and Grow

OUR VALUES

- Dedicated To Meeting Our Client's Needs
- Trust And Respect Each Individual In Our Organization
- Work As A Team To Achieve Common Objectives
- Believe in High Level Of Accountability
- Believe In Open Communication
- Live And Work Ethically

SERVICE OFFERING AND SOLUTIONS

The firm Siaansh Infrastructure Pvt. Ltd. was formed in 1998. Company specialises in Engineer Consultants for Building, Mini Township, Industrial Commercial, Residential & Other Civil Construction and Electrical Projects, Survey, Estimates and Valuation Expert. The Company was promoted and is being managed by highly qualified civil and electrical Engineers having long and rich technical/administrative experience in construction and electrical of industrial institutional, commercial and residential project of high magnitude.

Management and Team

Progress for me has never been a dream. It has always been a distant reality and once one milestone is achieved, there is always another one waiting to be crossed. It is with this belief that I started Siaansh. in 2014 (Earlier known as Competent Electrical consultant formed in 1998). A company that was in the business of Real Estate, Land Development, Infrastructure, Construction, Architecture, Civil Work and Electrical Work.

These values are ingrained into our corporate culture and are followed in every aspect of our business operation through four major tenets: zero compromise on quality, consistent value for money to our clients, client's satisfaction, and maintaining loyalty with the employees & vendors.

Er. S.R Singh Diploma in Electrical Engineer

COMPREHENSIVE SERVICES OFFERINGS:

- Architecture
- Construction (Civil Works)
- Electrical
- Painting.
- Landscaping
- Supplier of Electrical Items.

Quality Management

Our management structure and the responsibility of all our employees is explained in detail in our Management Manual. Our Quality system is an integral part of our existing management process which sets the high standards of co-operation required by all members of staff to ensure that the quality of service we provide to our clients is second to none. The purpose of such a Quality system is to “get it right first time every time”. Our Director and staff are committed to driving this process actively to give our clients the satisfaction of knowing that we will deliver exactly what we promise.

- Provides for long-term quality control through established processes and systems.
- Nurtures and guides our Quality Culture through its proven policies and procedures.
- Successfully identifies and controls the quality standard and quality of design as defined by our clients.
- Plans for Quality: Identifying measures of achieving the required quality, including construction methods, equipment, materials and personnel.
- Insures for Quality: Encouraging all parties to “Work Together to Deliver the Best – First Time”.
- Provides for a process of continuous improvement correcting any potential quality deficiencies that may arise.

The same core of highly respected and experienced engineers, foremen and ground staff are all permanent employees which have been added to over the years. The breadth and depth of our knowledge base established over this period have been integrated into specifications for new projects as they evolved. Throughout our involvement in this industry we have been successful in retaining the services of highly respected consultants and subcontractors who have added to our success in delivering quality work.
